

TRANSITION PROFILE TASK

ABOUT THE PROFILE

On **Thursday 7 December** you and your family will meet with a teacher from NIHS for 15 minutes. This will be an opportunity for us to get to know you as a person and learner. During this meeting you will be required to share your transition profile which is information about you (see below). The information you share will help us support you with your transition and learning at NIHS.

WHAT DO I NEED TO DO?

- Share information about you as a person and learner.
- Present this information in any way you like!
- You may like to have the following to support your responses:
 - Presentation (e.g. PowerPoint)
 - Notes (you may read from notes)
 - Video
 - Anything that will support your presentation
- It does not need to go for 15 minutes. There will be time for us to speak with you and your parents/guardians.

GUIDING QUESTIONS

Here are some things you may like to share:

- What would you like your future teachers to know about you?
- What are your interests?
- What are your strengths?
- What are your challenges as a learner?
- How do you learn best?
- How can your teachers support you to achieve your best?
- How can the staff at NIHS support you with your transition to high school?

TIPS

- Where possible, give specific examples to support your answers.
- This is about you so you may present it anyway you like!
- You don't need to answer every question.
- This is not a test and you will not be assessed!
